FleetMaster™

PATENTED TECHNOLOGY. EFFICIENT TRAINING. REVOLUTIONARY RESULTS.

The FleetMaster™ simulator is purpose built for those organizations wishing to offer high-fidelity simulator training, designed and built with actual OEM components. Featuring a 3-monitor sight-system, head-tracking technology, actual OEM components and ATS' patented Quadrant approach to training, the FleetMaster simulator represents consistent results in simulator training and equipment.

High-fidelity Training Designed for Drivers

Purpose built in-house, from hardware to software, the FleetMaster represents the pinnacle of simulator training. Featuring technology and training exclusive to ATS simulators the FleetMaster is the most advanced, yet most user-friendly commercial training simulator.

Targeted, self-paced training. Modular and rugged design. The FleetMaster simulator features the commercial transportation industry's 'go-to' platform, all built with OEM components so you can train with confidence and peace of mind for years to come.

Actual OEM Parts

The ATS-simulator design includes our patented hardware package; OEM pneumatic seat, OEM Steering column and controls and original OEM pedals for enhanced realism. The FleetMaster simulator provides higher-reliability with improvements to shift-feel, behavior and haptic feedback.

Patented Technology

Each training module includes driver measurement software, interactive and adaptive Computer-based training and statistical analysis. Integrated with Amazon AWS and industry-leading hardware, the FleetMaster is versatile and robust, yet still driver and user-friendly.

Simulator Specifications

Dimensions:

8' x 8' x 8'

Weight:

680lbs

Power Requirements:

One 20AMP Circuit

Monitor Size:

3-screens, 135° field-of-view

Motion System:

OnQ™ Motion Platform

Driver Interface Features:

OnQ™ Force-feedback Steering
24" Instructor 'OpCon' Touchscreen
Quadrant™ Dynamic Mirror Module
Vehicle Specific dash-configuration
Actual OEM components
Onboard Pneumatic Controls
Integrated *Amazon Web Services*®

Training Content:

Over 100 Self-Paced modules /
supporting media guided by
ATS-patented Digital Coach™
